## Fundraiser for "Mighty Madison"

Madison Faith Milio was diagnosed with an inoperable brain tumor in her brain stem on April 1, 2019. Since her diagnosis, she has gone through six weeks of radiation therapy, infusions of chemotherapy and Avastin, and she also took part in a T-cell trial in Washington DC. Madison continues to fight her battle with her family by her side. Her nickname of Mighty Madison signifies the strength and determination Madison shows each and every day. "Mighty Madison" is an inspiration to us all.
